Dear Parents,

It is my pleasure to share with you that as per directions and recommendations from CBSE, the school has introduced new optional and skill subjects for classes IX and X which have immense career prospects and impart students with an array of subject knowledge which are aligned to the 21st century skills . It is strongly recommended that you review the combination of subjects chosen by your ward and change the optional subject (applicable for class X only), so that your child can draw maximum benefit.

The new subjects are:

Subject	Subject Code
Information Technology / Artificial Intelligence	402 / 417
Introduction To Financial Markets / Banking & Insurance	405 / 411
